Savings Accounts

Blue Chip Savings Account

This straightforward savings account encourages you to save by paying interest based on your minimum monthly balance. Interest is automatically paid into your account at the end of every month.

Plan 24 Savings Account

Here's a savings account that works for you 24 hours a day! It's ideal for members who make frequent deposits, with interest calculated at the end of every day, seven days a week. Interest is automatically paid to your account at the end of every month.

Premium Savings Account

Premium Savings is the best place for your money for long-term savings, but with immediate access if you need it. Interest is calculated quarterly on the lowest quarterly balance, and automatically paid to your account annually, on October 31.

Wainwright Credit Union Savings Accounts

Our savings accounts will keep your money secure and help you accumulate it. Even when rates are low, your deposits earn interest, and you can withdraw funds whenever you like.

You can access your savings accounts in person, or with your Member Card or Global Payment Card. You can use telephone and Internet banking. You can transfer funds from one account to another. You can set up automated electronic payments (AFT/EFTs). However, we do not recommend that you use your savings account if you make frequent withdrawals in any of these ways. That would defeat their purpose. Instead, why not open a chequing account and minimize your service charges?

You will receive a quarterly statement of the activity in your savings accounts, including any service charges. If you also have a chequing account (with a monthly statement), your savings account activity will be reported on that statement as well.

Wainwright Credit Union has a long history of sharing profits with our members. One way we do this is by paying bonus interest on the interest you receive from your savings account. Please check out our website www.wainwright-cu.com. Under "About Us", click "Profit Share" for information on our latest payout.
